

RED SEALS PLACED ON SUFFRAGE MAP

Eleven States Have Now
Ratified the Suffrage
Amendment.

As ratification of the Federal Suffrage Amendment by Texas ticked off the first quarter in the race for 36 States it was followed by a ceremony in the office of Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage Association. Jubilation over the rapid-fire work of the State Legislature has been continuous among suffragists since June 10th, the day that saw three states tumbling over each other to be first to ratify.

At the celebration at National Headquarters, red ratification seals were placed on the map which has for a number of years been hanging in the President's office, accumulating the records of suffrage progress, state by state, county by county.

States now entitled to red seals are Illinois, Wisconsin, Michigan, June 10; Kansas, New York, Ohio, June 16; Pennsylvania, June 24th; Massachusetts, June 25th; Texas, June 27th, Iowa and Missouri, scheduled to ratify July 2nd.

Present at the ceremony of placing the seals were Mrs. Catt, under whose leadership the National American Woman Suffrage Association finished the fifty years' fight for the enactment of a Federal Law giving equal suffrage to all American women simultaneously. Mrs. Maud Wood Park, Congressional Chairman, who has been stationed at Washington for the past two years as National director of the Amendment's course through the two houses of Congress; Miss Alice Stone Blackwell, daughter of Lucy Stone, president of the American Woman Suffrage Association, which was consolidated with the National Woman Suffrage Association in 1890 to make the present National American Woman Suffrage Association. Miss Blackwell as long time editor of the Woman's Journal, founded by her parents in 1870, and new Associate Editor of the Woman Citizen, represented the untitled voice for women's freedom stretching over half a century.

Another outstanding figure in this history making group was Mrs. Ida Husted Harper, the official historian of the suffrage movement, now engaged upon the fifth and last volume of the history of Woman Suffrage in the United States, the first three volumes

of which were written under the collaboration of Susan B. Anthony and Elizabeth Cady Stanton.

Miss Rose Young, editor of the Woman Citizen the magazine which is now carrying on for the woman's cause, was also present, as were all the Associate editors.

Among the National's official board present were Mrs. Frank J. Shuler, corresponding secretary; Mrs. Halsey W. Wilson, recording secretary, and Miss Esther B. Ogden, president of the Woman Suffrage Publishing Company.

Miss Clara Hyde of California, Mrs. Catt's secretary, placed the first red seal.

This map, which carries a bright green star on each full suffrage state, and small stars on each successful county of every victorious state, will when it has received its 36th red seal become a unique pictorial record of the longest fight and the greatest victory ever won in the extension of the franchise to American citizens.

When it is entirely finished, it will be presented to the Library of Congress, or to some National Museum, as a complete story of women's struggle for freedom—a story literally written in the stars.

In Mrs. Maud Wood Park's short speech at the ratification celebration she said that one of the United States Congressmen had recently reminded her that the Federal Amendment victory will enfranchise more citizens than have ever been freed before by any act of Congress or of the States.

There are more than 27,000,000 women over voting age in the United States. Of these only a little more than 7,000,000 are as yet in full suffrage territory.

When the United States Constitution first bestowed Citizens' right, the entire population was less than 4,000,000. Citizens' rights were extended to new groups between 1830 and 1840

A Woman's Story With Great Meaning

Subject of Childbirth Discussed by
Women of Experience.

Women everywhere tell their friends how, through the use of Mother's Friend, the wonderful penetrating external application, they avoided suffering and distress before the advent of nature's most wonderful evolution.

Mother's Friend is a remedy which spreads its influence upon the cords, nerves and ligaments involved, rendering them pliant to readily yield to nature's demand for expansion. The nerves, cords, tendons and ligaments expand without that peculiar wrenching strain, and nervousness, nausea and unpleasant sensations are naturally avoided when the nerves and muscles are relaxed and thus are not torn and drawn.

By regular use, the lower abdominal region expands with ease when baby is born, the hours less at the crisis, and pain and danger is naturally less.

You can obtain Mother's Friend from any drug store. It has been used by women for over half a century, and is just as standard as anything you can think of.

Write the Bradford Regulator Company, Dept. H, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and get a bottle of Mother's Friend today, and thus fortify yourself against pain and discomfort.

Murine Eye Remedy Company, Chicago, U. S. A.

MURINE Rests, Refreshes, Soothes, Heals—Keep your Eyes Strong and Healthy. If they Tired, Smart, Itch, or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Safe for Infant or Adult. At all Druggists. Write for Free Eye Book. Murine Eye Remedy Company, Chicago, U. S. A.

by elimination of some property and tax qualifications, but the whole population in 1840 was 17,069,453, a smaller number than the adult women now in unenfranchised territory.

Meeting Places for School Garden Army

Members of the U. S. Garden Army will meet at their respective school buildings according to the following schedule:

Butcher School—Monday, July 7, 7:00 p. m.

White School—Tuesday, July 8, 7:00 p. m.

Barns School—Wednesday, July 9, 7:00 p. m.

Fleming School—Thursday, July 10, 7:00 p. m.

Captains, lieutenants and other officers should see that every member knows about the meeting. Announcement of the above meetings was made today by M. H. Cole, supervisor of the U. S. Garden Army for Fairmont.

This company carries in stock batteries for all makes and models of cars and also makes repairs on all kinds of batteries. Use an "EXIDE" while your battery is being repaired. Telephone 796-J.—Adv.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. R. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, slouching, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

Why We Are Distributors of the STANDARD EIGHT A Powerful Car

It was the practical certainty of Successful Business that led to our selection of the Standard Eight as the car that would best express our ideals of value, service and permanence.

In the first place, the car itself is a joy to drive.

Power that you never dreamed of—performance that as you describe it causes a look of skepticism—flexibility that makes you wonder why there is a gear-shift lever.

This is the sort of car we have to sell and with it service backed by one of the largest industrial plants in the world—The Standard Steel Car Company of Pittsburgh, makers of world-famous steel railroad cars.

True to the principles that have made their success, they are backing the Standard Eight to the limit.

Come with us and prove for yourself, with your foot on the throttle, the splendid power and comfort of the Standard Eight—tested in the hills and mountains of Pennsylvania.
